

SEC Sanctions Dark Pool Operator and Affiliated High Frequency Trader

Corporate Defense and Disputes Blog on **August 13, 2015**

In the latest round of regulatory action involving high frequency trading and dark pools, the SEC announced yesterday that it reached a settlement with ITG, Inc., and its affiliate Alternet Securities, Inc., imposing a \$20.3 million sanction based on ITG's misuse of confidential order information to benefit the firm's proprietary high-frequency trading...
