

What's Next for Traditional Labor with President-Elect Trump in Office?

Law and the Workplace Blog on **November 9, 2016**

President-elect Trump's strong base with blue collar workers helped him win yesterday's election, despite significant union backing for Hillary Clinton during the campaign. Trump has not, however, revealed details on how he plans to address issues of interest to the unionized workforce beyond backing out of international trade treaties, such as the Trans-Pacific Partnership, and enticing businesses to return jobs to the United States via the use of tax incentives...
