

Preparing Diverse Law School Students for Careers in Biglaw

Since 2008, the Firm has been a proud partner of the Sponsors for Educational Opportunity (SEO) corporate law program, which provides approximately 100 talented diverse law school-bound students with opportunities to intern at global law firms before they start at top law schools in the fall. Each year, we welcome two SEO interns into our summer program who have willingly served as Proskauer ambassadors at their schools, introducing us to many of their 1L peers.
