

Serving Our Community With the Bowery Mission

Proskauer For Good Blog on **April 10, 2018**

As part of our corporate social responsibility program at Proskauer, we focus on strategies to help improve the lives of vulnerable populations.

Since the Firm began its partnership with the [Bowery Mission](#) in December 2014, we have served over 4,000 meals and more than 150 volunteers have participated. The Bowery Mission has served homeless and hungry New Yorkers since 1879 and we appreciate being part of their transformative, compassionate care.

We enjoy making a difference together, and look forward to our next opportunity to serve meals and meet fellow New Yorkers at the Bowery Mission.
