

Summer Associates Visit Gotham Market

October 17, 2018

On June 13, our New York summer associates spent the afternoon at Gotham West Market with COO and Proskauer alumnus, Chris Jaskiewicz. A full service food hall in New York City's Hell's Kitchen, Gotham West Market features cuisine from world famous chefs. From Shanghai-inspired street food to award-winning Belgian waffles, our summer associates sampled everything the market had to offer and enjoyed an informative Q&A with Chris, discussing his path from corporate attorney to COO.
