Ron Franklin Joins Habitat for Humanity's NYC Board of Directors

November 13, 2019

November 13, 2019 (New York) – Partner Ron Franklin recently joined the Habitat for Humanity New York City Board of Directors after participating with the global organization for 12 years and 10 building projects.

With Ron's generosity, and that of Proskauer, his family and friends, the organization achieved record-setting support at just under $1 million at their annual gala held last month. The Firm was a sponsor of the event, which celebrated 35 years of helping families build stability and remain within their communities. All of these donations will go toward their mission to build and preserve affordable housing in New York City.
