State-by-State Real Time Updates on Employment and Privacy-Related Rules, Regulations, Orders and Guidance

***** NEW - The Proskauer ProTrack COVID-19® tracker now features proposed legislation at the state level regarding vaccination requirements.*****

As jurisdictions continue to respond to COVID-19 with new rules, regulations, orders and guidance, employers must ensure that they adhere to these requirements as they manage business operations.

To assist multi-state employers as they navigate these developments, we have created ProTrack COVID-19®, a state and local tracker tool. Our proprietary tracker allows employers to search the legal requirements in the jurisdictions where they conduct business, and provides realtime updates.

Key features

- Access to our database of COVID-19 employment and privacy-related state and local rules, regulations, orders and guidance – updated in real-time.
- Interactive map feature to drill down to state-specific COVID-related requirements.
- Custom notifications based on applicable jurisdictions.
- View and download customized reports.
