

# Proskauer Advises PSG Equity, the Founder, and Management on the Sale of N2F to FTV Capital and Reinvestment Alongside FTV Capital

June 3, 2025

**PARIS, June 3, 2025** - Leading international law firm Proskauer today announced that it advised PSG Equity on the sale of N2F to FTV Capital; as well as its founder and management on their reinvestment into N2F along with FTV Capital.

PSG is a growth equity firm that partners with software and technology-enabled services companies to help them navigate transformational growth, capitalize on strategic opportunities, and build strong teams, while FTV Capital is a sector-focused growth equity firm with a strong track record of investing in high-growth enterprise and financial technology companies. N2F is a fully connected (mobile and web-app) cloud-based ecosystem available on both mobile and web platforms that digitizes the entire professional expense and accounts payable process.

FTV Capital's investment will further accelerate the development of N2F's product suite, building on the momentum and strong adoption of N2F's recently launched accounts payable and cards offerings. It will also accelerate the company's international go-to-market efforts, particularly in the DACH region, Italy, Iberia, and Benelux, where the platform is already fully localized to meet regulatory and operational requirements, and where growing local teams will drive commercial execution and customer success.
