Chambers Cartels 2025: A Chambers Global Practice Guide

Chambers and Partners on **June 10, 2025**

2025 is a year of seismic shifts—political, technological, and economic—that reshape the landscape for business leaders, competition lawyers, and regulators alike. As AI revolutionizes industries and global trade tensions rise, one constant remains: cartel enforcement. Despite mounting uncertainty, authorities worldwide continue to view cartels as a threat to consumers and market integrity.

Partner Mark Rosman authors a chapter in *Chambers Cartel* 2025 Global Practice Guide, where he examines the enforcement landscape and private damages actions across 12 countries and the EU.
