

Spring 2026 TMT Alumni Connect Happy Hour – An Evening of Industry Conversations

July 15, 2026

In mid-June, Proskauer's Technology, Media & Telecommunications (TMT) Group welcomed alumni and current attorneys to Monarch Rooftop in New York for the second TMT Alumni Connect Happy Hour. Building on the momentum of the inaugural gathering in late 2025, the invitation-only event brought together an intentionally small group of alumni working across the TMT sector to exchange perspectives on the trends, opportunities, and challenges shaping their businesses and the broader industry.

“The conversations are genuine, insightful, and a reminder of the lasting relationships built during our time at Proskauer.”

Kevin Khurana, Senior Corporate Counsel, Google

“Proskauer continues to create opportunities that bring TMT alumni together in meaningful ways,” said [Kevin Khurana](#), senior corporate counsel at Google. “These gatherings draw an accomplished group of TMT professionals, and it's always fun and rewarding to reconnect with old friends while meeting others whose career paths have taken them into different corners of our industry. The conversations are genuine, insightful, and a reminder of the lasting relationships built during our time at Proskauer.”

This gathering is part of the TMT Group's broader alumni engagement initiative to create a regular cadence of gatherings for alumni and current attorneys to share insights, expand professional perspectives, and remain connected to one another as the industry continues to evolve. By bringing together alumni from across the TMT ecosystem in a collaborative setting, the series reinforces the enduring value of the Proskauer alumni network and the collective knowledge of its members.

“Proskauer's alumni network has a rare quality — the relationships formed there don't just persist, they actively continue to add value years later.”

Karen Mo, Vice President, Deputy General Counsel, Roku

“Proskauer's alumni network has a rare quality — the relationships formed there don't just persist, they actively continue to add value years later,” said [Karen Mo](#), vice president, deputy general counsel at Roku. “Events like TMT Alumni Connect are a great reminder that the best part of the industry is often the people you started out with. It's energizing to hear how everyone's paths have evolved and to keep those lines of connection open as we all navigate an industry that's changing so quickly.”

Proskauer Alumni is designed to foster meaningful connections among former colleagues and provide opportunities for continued engagement with the firm and one another. The TMT Alumni Connect initiative remains a cornerstone of those efforts.
