Proskauer Advises ICG on Its Partnership with Chronos Dental

November 19, 2026

PARIS, November 19, 2026 – Proskauer advised ICG on its partnership with Chronos Dental ("the Group"), a leading dental laboratory group in France, to support the next phase of the Group's growth.

Founded by Mathieu Carton and Manuel Moustaid, Chronos Dental has established itself as a leading player in the French dental prosthetics market. The Group brings together 35 dental laboratories and over 600 employees, serving a broad base of more than 5,000 dentists.

Since its creation, the Group has built a shared ownership model alongside laboratory founders, making Chronos Dental the only platform in the industry controlled by its founders and dental technicians. The complementary expertise of its laboratories enables the Group to address the full spectrum of dentists' needs across all price points, and all laboratories in the network benefit from increasingly digitalised production processes.

Under the partnership, ICG will provide a bespoke financing solution to support the Group's buy-and-build strategy in France and its expansion across other European markets. The Group's co-founders and dental technician shareholders will retain control of the Group, preserving the entrepreneurial, owner-led culture that has underpinned its success to date. With ICG's backing, Chronos Dental will pursue consolidation opportunities in a highly fragmented market while continuing to invest in the digitalisation of its production processes, the deployment of its proprietary digital laboratory management tools across its network, and the scaling of its organisation to support this growth.

The Proskauer team advising ICG was led by partners Xavier Norlain and Laurent Asquin (Private Equity M&A) and included counsel Julien Burger and associate Mohamed Kettani (Private Equity M&A); partners Maud Manon and Pierre Tardivo and associate Antoine Cottin (Global Finance); partner Gwenaël Kropfinger and associates Corentin Traxel and Maxime Dussartre (Tax).
