Intellectual Property: Massachusetts – Chambers USA 2012

June 2012

Massachusetts **Intellectual Property**

Band 2

The Firm: This team maintains a strong profile across patent litigation, transactional compliance, portfolio development counseling and patent prosecution. Recent highlights include defending T-Mobile in infringement claims brought by NTP relating to wireless communications patents. Other key clients include American Honda, MKS Instruments and Viacom.

Key Individuals: Steven Bauer is "a good IP attorney and a terrific litigator who has proven himself to be good with litigation strategy," clients say. His recent work highlights include representing Analog Devices in its dispute with Knowles Electronics regarding patents relating to microphones used in handheld electronic devices, including iPods and iPads.

Joseph Capraro focuses on patent and trademark prosecution, and technology licensing matters. He also has expertise in litigation and transactional work.
