The *Legal 500* is an independent, unbiased guide to leading lawyers that has long been one of the most esteemed surveys of European law firms. The U.S. edition, now in its fifth year, is the guide to the “best of the best” national law firms in the United States. The performance of each firm is assessed through a review of a wide range of criteria. Recommendations from clients provide first-hand feedback on service quality, and interviews with lawyers in each subject area give a clear picture of each firm’s practice. The guide is published by Legalease, a UK-based legal publishing house that has been covering the European and Asian legal markets for more than 20 years.
