

Private Equity

Bringing creativity, market insight and interdisciplinary know-how to the table

Proskauer has one of the premier global private equity practices. Over the past two years, we have advised on over two hundred M&A transactions with an aggregate value of over \$165 billion. We are consistently recognized as among the best by leading business and legal publications, including *Chambers* and *The Legal 500*, and regularly appear at the top of league tables published by *Thomson Reuters*, *Bloomberg* and *Mergermarket*, among others.

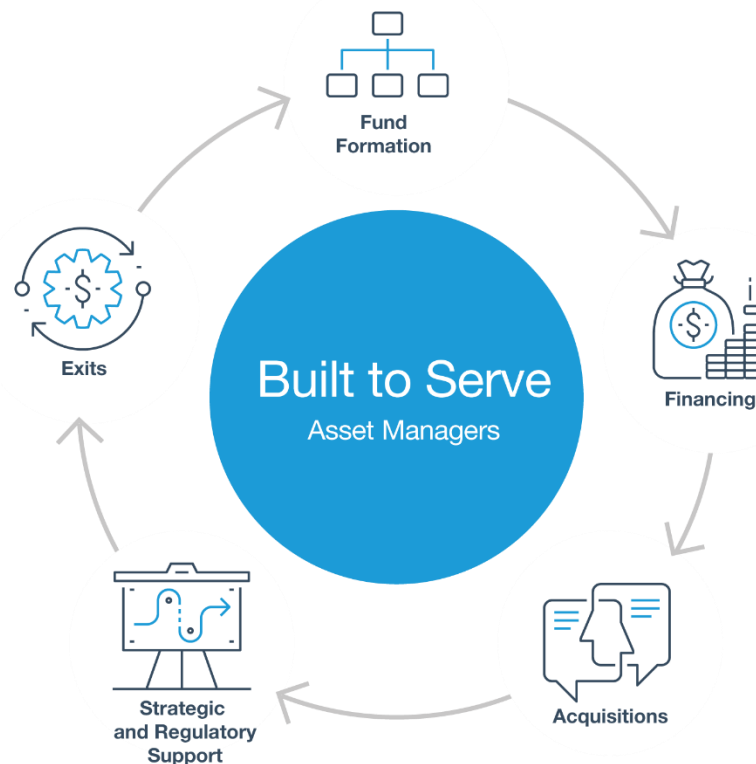

Our strong presence in key financial centers around the world allows us to serve our clients' interests throughout the Americas, Europe and Asia. We are collaborative in our approach and work seamlessly with our clients to execute their investment strategies. Unlike many of our competitors, once our private equity clients make an investment, we are often called on to represent their portfolio companies on an ongoing basis.

We provide strategic, disciplined and commercial advice geared towards achieving our clients' goals in an efficient and practical manner. Our group has represented clients in a wide variety of industries, including health care, financial services, technology, consumer/retail, industrials, sports, infrastructure, and media and entertainment.

We seek to leverage our transactional depth and industry experience to add value for our clients and believe that our commitment has been validated by long-tenured clients that continue to turn to us for their most significant and transformative transactions.
